## Five payroll challenges

**Bright**

-  Manually backing up payroll data
-  Mismanaging annual leave
-  Not supporting remote workers
-  No self-service options
-  Miscommunication in the office

## Manually backing up payroll data

**Data loss**  
If you only keep payroll data on your desktop, you're at risk of losing it.

**Remote Working**  
Hybrid working can present security concerns.

**Disaster Recovery**  
How prepared are you for a disaster recovery situation?

**Expensive Servers**  
With automatic cloud backup, no need to buy expensive servers to store your data.
